About NMIMS Navi Mumbai

NMIMS Navi Mumbai provides an idyllic environment to engage in learning and the unique distinction of gaining ringside insight to metropolitan corporate dynamics against a budding and emerging business hub. NMIMS Navi Mumbai believes in imparting management education focusing on "Development of Holistic Management Skills" as the culmination stage of education before the student enters the corporate as well as entering the world all by himself outside the shadow of continual parental and academic guidance of teachers. This model blends the excellence of western management system with ethos and values of Indian management system with a global orientation to excel in contemporary business environment. At NMIMS Navi Mumbai, we have incorporated the best global academic practices to nurture and develop business managers who are thought leaders who prove their mettle in the industry.
